

September 26, 2006

Dear Dr. Kim Lee Capehart

Welcome to our growing community of The Best of the U.S.

[www.bestofus.com](http://www.bestofus.com) has been active for 90 days and has over 67,000 of the best of class professionals in the U. S. listed. We will top out with 126,600 listings or the top 2% of each profession. We are averaging over 1000 impressions per day, up from 620 this time last month.

I encourage you to use [www.bestofus.com](http://www.bestofus.com) as a source for referrals when your patients ask if you know of another professional to assist them with their needs, ie... Lawyers, Financial Advisors, Physicians, etc. This will help us achieve our goal of raising the standards within the professional community and rewarding those who excel. You can make it easier for those referrals and site visitors to contact you by adding your contact information and weblink to your listing.

Silver Listing = You may add your contact information to your listing for a \$100 annual fee. (27 cents per day)

Gold Listing = You may add your contact information plus a website link for a \$200 annual fee. (54 cents per day)

You can add your information by clicking on Upgrade at the [www.bestofus.com](http://www.bestofus.com) website.

We are working on an engraved wall plaque (8X10) and a wall certificate (12X15) that you will be able to hang in your office; I hope to have them available sometime in October. I'll email you as soon as they are ready.

It is my hope that [www.bestofus.com](http://www.bestofus.com) can assist you in growing your practice while raising the standards within the dental profession. I welcome your input, I want you to think of [www.bestofus.com](http://www.bestofus.com) as you website, I want you to feel a part of The Best of the U. S. Community.
